 - *Collections review action*
-

Collections review information

- *Collections review reference number*
 - *Collections review authoriser*
 - *Collections review authorisation date*
 - *Collections review title*
 - *Collections review reason*
 - *Collections review method*
 - *Collections review manager*
 - *Collections review note*
 - *Collections review status*
 - *Collections review status date*
 - *Collections review begin date*
 - *Collections review end date*
-

Reproduction information

- *Reproduction number*
- *Current reproduction location*
- *Reproduction creator*
- *Reproduction date*
- *Reproduction description*
- *Reproduction format*
- *Reproduction type*
- *Reproduction reason*
- *Reproduction requester*

Changes to other information groups

Object audit information

Deleted unit:

- *Object audit type*

New unit:

- *Object audit information units*
-

Object condition and technical assessment information

New units:

- *Environmental condition note date*
-

Object location information

New units:

- *Previous location*
 - *Previous location begin date*
 - *Previous location end date*
-

Object use information

Deleted units:

- *Access category*
- *Access category date*
- *Access category note*
- *Label/raisonné text*
- *Label audience*
- *Label author*
- *Label language*
- *Label note*
- *Label reason*
- *Label text date*
- *Object display status*
- *Object display status date*

New units:

- *Object use status*
 - *Object use status date*
 - *Text reference number*
 - *Text*
 - *Text audience*
 - *Text author*
 - *Text date*
 - *Text language*
 - *Text note*
 - *Text reason*
 - *Use measurement type*
 - *Use measurement value*
 - *Use measurement value unit*
 - *Use measurement value qualifier*
 - *Use measurement date*
 - *Use restriction*
 - *Use restriction date*
 - *Use restriction note*
-

Object valuation information

New units:

- *Object valuation reason*
-

Audit information

New units:

- *Audit authoriser*
 - *Audit authorisation date*
-

Conservation and treatment information

New units:

- *Conservation authoriser*
 - *Conservation authorisation date*
-

Disposal information

Deleted unit:

- *Disposal proposed recipient*

New units:

- *Disposal authoriser*
 - *Disposal authorisation date*
-

Indemnity information

New units:

- *Indemnifier*
- *Indemnity authoriser*
- *Indemnity authorisation date*
- *Indemnity request date*
- *Indemnity begin date*
- *Indemnity end date*

Insurance information

New units:

- *Insurance amount*
- *Insurance amount currency*
- *Insurance authoriser*
- *Insurance authorisation date*
- *Insurance begin date*
- *Insurance end date*
- *Insurance note*

Loan in information

New units:

- *Loan in reason*
- *Loan in begin date*
- *Loan in end date*
- *Loan in status*
- *Loan in status date*

Loan out information

New units:

- *Loan out reason*
- *Loan out authoriser*
- *Loan out authorisation date*
- *Borrower's status*
- *Loan out begin date*
- *Loan out end date*

Object entry information

New units:

- *Entry manager*

Movement information

New units:

- *Movement authoriser*
- *Movement authorisation date*
- *Movement reason*

Transferred units [from *Movement information* group]:

- *Organisation courier*
- *Shipper*
- *Shipper's contact*
- *Shipping note*

Object exit information
